

Get Back in the Game!

The Total Joint Program at MountainView Hospital offers the area's most experienced team of Orthopedic Surgeons, Registered Nurses, Physical Therapists and Case Managers, all dedicated to getting you back to doing the things you love.

Unique to MountainView Hospital, our Total Joint Program includes a Clinical Coordinator. This knowledgeable staff member is available to you and your family throughout your stay by offering services such as patient education prior to and following surgery, personal visits while in the hospital and discharge planning assistance.

For your knee, hip or shoulder replacement surgery, turn to the experts at MountainView Hospital.

To be referred to an Orthopedic Surgeon with the Total Joint Program at MountainView Hospital, call **(702) 233-5474**.
